### CONSISTENT COMFORT YOU CAN COUNT ON

McClure Packaged Air Conditioners/Heat Pumps are manufactured with high-quality components that you can rely on. These features include a totally enclosed, permanently lubricated condenser fan motor and fully insulated blower compartment, for quiet operation. The unit's condensing coil is manufactured with high-quality copper tubing and aluminum fins.

As a result, your new McClure Packaged Air Conditioner/Heat Pump offers high performance, energy-efficiency and durability.

### PERFORMANCE AND RELIABILITY

When you buy a McClure Packaged Air Conditioner/Heat Pump, we believe that you are purchasing long-lasting comfort at a good price. Your McClure Packaged Air Conditioner/Heat Pump is designed to provide you with years of quiet, trouble-free service – and cost savings that are sure to please, as compared to lower SEER units.

Your new packaged Air Conditioner/Heat Pump has a Seasonal Energy Efficiency Rating, or SEER, of 13 for cooling and a Heating Seasonal Performance Factor, or HSPF, of up to 6.8 for heating, providing much more efficient energy use compared to the 6 SEER/6.0 HSPF units found in many homes today.
