- Fully Insulated Blower Compartment for Quiet Operation
- Louvered Cabinet made of Heavy-Gauge Galvanized Steel
- Attractive Architectural Gray Color Complements any Home

## PERFORMANCE AND RELIABILITY

When you buy a (an) <BRAND> Packaged Heat Pump, we believe that you are purchasing long-lasting comfort at a good price. Your <BRAND> Packaged Heat Pump is designed to provide you with years of quiet, trouble-free service – and cost savings that are sure to please, as compared to lower SEER units.

Your new packaged heat pump has a Seasonal Energy Efficiency Rating, or SEER, of up to 15 for cooling and a Heating Seasonal Performance Factor, or HSPF, of 6.8 for heating, providing much more efficient energy use compared to the 6 SEER/6.0 HSPF units found in many homes today. To make certain your HVAC equipment qualifies for the Energy Star designation get complete information at [www.energystar.gov](http://www.energystar.gov).\*\*

\*\* ENERGY STAR ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the ENERGY STAR designation, get complete information at [www.energystar.gov](http://www.energystar.gov).

\* Complete warranty details available from your local dealer or at [www.goodmanmfg.com](http://www.goodmanmfg.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

## R-410A REFRIGERANT

Compared to lower SEER, R-22 refrigerant units, your new <BRAND> Air Conditioning system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is environmentally-friendlier than R-22 refrigerant, which is currently used in most air conditioning systems.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

# RESIDENTIAL PACKAGED HEAT PUMPS

## CONSISTENT COMFORT YOU CAN COUNT ON

<BRAND> Packaged Heat Pumps are manufactured with high-quality components that you can rely on. These features include a totally enclosed, permanently lubricated condenser fan motor and fully insulated blower compartment, for quiet operation. The unit's condensing coil is manufactured with high-quality copper tubing and aluminum fins.

As a result, your new <BRAND> Packaged Heat Pump offers high performance, energy-efficiency and durability. The <BRAND> Packaged Heat Pump features a heavy-gauge G-90 galvanized-steel cabinet that protects the packaged heat pump's condensing coil from damage and strengthens the overall unit. In addition, the case's attractive Architectural Gray color blends in beautifully with all types of home exteriors, and its appliance-quality powder-paint finish means an attractive unit for years to come.

## OUTSTANDING WARRANTY\*

Plus, we protect your unit with what we believe to be a strong warranty, a testimony to our faith in the quality of the product.

The <BRAND> Packaged Heat Pump is protected by a **10-Year Parts Limited Warranty\*** on all functional parts.
