## VARIABLE-SPEED MODULAR BLOWER

### GET THE MOST OUT OF YOUR HEATING AND COOLING SYSTEM

The <Brand> MBVC Modular Blower is tailor-made for exceptional energy efficiency. This blower is designed with quality components and assembled with excellent craftsmanship. It features a variable-speed blower motor that enables more even distribution of the air from room-to-room and floor-to-ceiling, reducing the likelihood of hot and cold spots in the house. Plus – the MBVC is ComfortNet™ Communicating Systems compatible.

## VARIABLE-SPEED MODULAR BLOWER

### R-410A REFRIGERANT

Your new <Brand> brand MBVC Modular Blower will not only provide you with cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is more environmentally friendly than R-22 refrigerant.

### ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

### COMMITMENT TO QUALITY ENGINEERING

Your air conditioner is compatible with the ComfortNet™ system of communicating products. With a large assortment of built-in features, it can auto-configure, monitor and review data from the system. This allows for optimum performance and accurate detection of any system-related issue.
