PERFORMANCE

ENJOY THE COMFORT AND EFFICIENCY

< Brand > GMH95 High-Efficiency Gas Furnace with two-stage heating and a multi-speed circulating blower provides efficient and economical performance. Unlike single-stage gas furnaces that operate 'all on' or 'all off,' a < Brand > brand multi-speed gas furnace typically runs up to 90% of the time in the low-speed capacity on most days. But when the temperature outside is frightfully cold, this furnace quietly ramps up to high-speed capacity to deliver all the warm, comfortable heat your home needs.

OUTSTANDING LIMITED WARRANTY PROTECTION*

This furnace is covered by several of our best limited product warranties.* In addition to covering the heat exchanger with a Lifetime Limited Warranty* to the original, registered homeowner, if the heat exchanger fails during the first 10 years of ownership, we will replace the entire unit for as long as you own your home. This furnace also has a 10-Year Limited Parts Warranty* on all functional parts.

* Complete warranty details available from your local dealer or at www.goodmanmfg.com. To receive the Lifetime Heat Exchanger Limited Warranty (good for as long as you own your home), 10-Year Unit Replacement Limited Warranty and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

FEATURES

- Aluminized-Steel, Dual-Diameter Tubular Heat Exchanger
- Stainless-Steel Secondary Heat Exchanger
- Two-Stage Gas Valve With Convertible Technology that Allows Installer to Activate Two-Stage Operation With the Flip of a Dipswitch
- Durable 110V Silicon Nitride Igniter
- Furnace Control Board With Self-Diagnostics, Color-Coded Low-Voltage Terminals, and Provisions for Electronic Air Cleaner and 24-Volt Humidifiers
- Control Board Stores the Last Five Diagnostic Codes in Non-Volatile Memory; Simple Push-Button Activation Outputs the Fault History to a Flashing Red LED
- Low Constant Fan Speed Efficiently Circulates Air Throughout the Home
- Self-Adjusting Feature Automatically Adjusts to High or Low Stage Based on Outside Temperature Without the Need for an Outdoor Temperature Sensor
- Fully Insulated Heavy-Gauge Steel Cabinet With Durable Baked-Enamel Finish
- Foil-Faced Insulation Lines the Heat Exchanger
- Designed for Multi-Position Installation: Upflow, Horizontal Left or Right

TWO-STAGE GAS VALVE, HIGH-EFFICIENCY, MULTI-SPEED GAS FURNACE

QUIET YOU CAN COUNT ON

The components of your < Brand > brand GMH95 High-Efficiency Gas Furnace, including the multi-speed blower and two-stage gas valve, have been specially selected to reduce the noise levels common in single-speed furnaces without these features. Plus, because your furnace's Dual\$aver™ technology provides steady, gradual heat, it operates more quietly than furnaces without this technology. Finally, we house these components in a fully insulated, heavy-gauge steel cabinet. The result... quiet comfort.

DUAL\$SAVER
ULTIMATE HEATING PERFORMANCE

ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
